

CHHAYANKA DABHADKER

B.Tech CSE (AI & ML) · Full-Stack Developer · AI & Technology Enthusiast

📍 Durg, India 📞 9993100769 chhayankadabhadker17@gmail.com github.com/chhayanka17 [LinkedIn Profile](#)

📅 Internship Availability: June – August 2026 [🎓 Expected Graduation: May 2028](#)

SUMMARY

Second-year B.Tech student in CSE (AI & ML) with hands-on experience building and deploying full-stack AI-powered solutions, NLP pipelines, and business-facing technology prototypes. Passionate about applying digital and cloud technologies to solve real-world problems — aligned with Accenture's mission across Technology, Strategy, and Operations services. Hackathon Top 10 finisher with demonstrated ability to deliver under pressure in collaborative, client-oriented environments.

EDUCATION

B.Tech – CSE (AI & ML)	2024 – 2028
Shri Shankaracharya Technical Campus, Durg	
Higher Secondary (PCM) — Guardian & Guide English Medium School, Durg	2024
Class X – AISSE — O.P. Jindal School, Raigarh	2022

TECHNICAL SKILLS

PROGRAMMING Python JavaScript (ES6+) C C++	AI & NLP spaCy NER ML Fundamentals TensorFlow	FULL-STACK DEV React.js Node.js Express.js Flask MongoDB
CLOUD & DEPLOY Netlify Render MongoDB Atlas	API & TESTING Postman Expert REST APIs API Security	DESIGN & TOOLS Figma Tailwind CSS Bootstrap Git/GitHub

PROJECTS

FlashCraft — AI Flashcard Studio <i>Python · spaCy · Flask · Node.js · Express.js · MongoDB Atlas · HTML/CSS/JS</i> University Project · Team of 4 · Live Deployed Product ▸ Built and deployed a full-stack AI platform converting study notes into structured Q&A decks using NLP — applying AI to drive measurable user productivity improvements. ▸ Designed a scalable 3-tier architecture: HTML/CSS/JS frontend → Node.js/Express API → Python Flask NLP microservice → MongoDB Atlas cloud database. ▸ Developed custom NLP pipeline using spaCy: sentence segmentation, Named Entity Recognition (NER), and rule-based Q&A generation. ▸ Delivered user-centric features: 3D card flip animation, spaced repetition tracking, session timer, and completion summary.	2026
Precision Wildlife Drone GCS Techdivathon <i>React.js · TypeScript · Tailwind CSS</i> National-level 24-Hour Hackathon · Top 10 Finish · Team of 3 ▸ Built a Mission Planner-inspired Ground Control Station with real-time telemetry simulation and rule-based decision logic within a 24-hour sprint.	Feb 2026

- Implemented fail-safe landing system, structured event logging, and multi-stage safety monitoring — delivering a robust, high-stakes technology solution under tight deadlines.

AR/VR Buyer Verification Tool — Electroverse

2026

HTML · CSS · JavaScript · Figma

Team Project · Live Prototype Available

- Developed an e-commerce fraud detection tool with confidence-based verification logic, directly addressing a real business problem in digital commerce.
- Created a complete UI/UX design system in Figma, demonstrating end-to-end product thinking from design to prototype.

Aadarsh Gram Connect — Rural Analytics Dashboard

2025

Data Analysis · ML Fundamentals

- Conceptualized a data-driven dashboard for rural infrastructure gap detection using structured data workflows and MLbased analysis — reflecting commitment to technology for social impact, aligned with Accenture's shared success values.

CERTIFICATIONS

GFG Problem of the Day — 60-Day Streak (DSA)

Postman API Fundamentals – Student Expert

Python Programming Fundamentals

CSS & Python Complete Course

ACHIEVEMENTS & ACTIVITIES

- **Top 10 – Techdivathon (Feb 2026):** National-level 24-hour hackathon; built a drone GCS in React + TypeScript, team of 3.
- **GFG POTD 60-Day Streak:** Consistent daily DSA problem-solving across Arrays, Strings, Linked Lists, Sorting, and Recursion.
- **University Project Lead — FlashCraft:** Live deployed AI platform, team of 4, Shri Shankaracharya Technical Campus, Bhilai.
- **Prototyping Competition Participant:** Applied design thinking to build and present a technical prototype to a judging panel.
- **Technical Content Creator:** Shares knowledge with the student community — demonstrating communication and collaboration skills valued in consulting environments.
